Fergus the 4x4 SSB070ST

Installation Instructions

SSB070ST

Fergus the 4x4 Instructions Installation Instructions

1. Check using the parts list that all components have been delivered.
2. Plan the final position of the play equipment, ensuring there is sufficient space
NB: Please consider the extent and HIC of surfacing (see surfacing plan).
Ensure that bow and stern are faced away from thoroughfares and desire lines (in the direction of movement).
3. Sort and identify parts before assembly, only ground fixing (*THF045*) is required at this stage
4. Excavate the foundation holes in accordance with the plan and play level, ensuring the hole is dug to achieve a horizontal finish to the bottom of the hole.
5. Place 4x4 ground fixing in to the foundation hole and level top plate.
6. Check the unit will sit at the correct level and position as per the elevations and plans provided before tightening bolts now fill the foundation holes to the required depth with concrete. Float off upper surface to enable run-off away from ground fixing uprights.
7. Leave foundation to fully set before continuing to install the 4x4 body (at least 2-3 days, setting times may vary)
8. Fix 4x4 deck panel (*SSB086*) to top frame of mechanism(See Panel Layering : Fixing & Assembly instructions - Fig 1), **DO NOT** tighten bolts or attach covers until assembly is complete.
9. Secure first 4x4 left and right side panels (*SSB071* & *SSB072*) to deck panel using 3mm L brackets (See Panel Layering : Fixing & Assembly instructions - Fig 1), **DO NOT** tighten bolts or attach covers until assembly is complete.

NB: Use the panel fixing general sheet supplied to select the correct bolts

SSB070ST

Fergus the 4x4 Installation Instructions

11. Offer up the vertical footwell panels (SSB076) to the front and rear, inside the body of the 4x4 and secure using Fixing & Assembly Instructions (Figs 2,4 & 5).
12. Offer up seat, dashboard and boot support rails and attach between the side panels, taking care to attach the wheels and wheel arches at the same time (See Panel Layering : Fixing & Assembly instructions - Fig 6). **DO NOT** tighten bolts or attach covers until assembly is complete.
13. Secure seat, dashboard and boot panels to the support frames
14. Offer up the 4x4 front panel (together with bumper and headlights and secure using Fixing & Assembly Instructions (Figs 2, 4 & 5).
15. When all fixings are in place, then proceed to tighten bolts, ensuring adjacent panels are butted up to prevent finger traps.
16. Ensure all exposed hex-head bolts are capped off using the step washers and nylon caps provided (refer to panel fixing general sheet supplied) The unit should be secured against use by any member of the public until the concrete is set and the appropriate depth and extent of surfacing have been installed (please refer to surfacing plan).
17. Follow the maintenance instructions supplied at the end of this document
NB: During installation, care must be taken to prevent hazards to children. If you are at all unsure or have any questions, please contact the contracts department immediately for their assistance and advice.

from the fixing kit (be advised that a few surplus fixings are generally included).

We suggest fixing countersunk bolts first as on occasion another panel may be layered on top of them. It is important not to fully tighten the fixings until all panels have been assembled and the unit is stood within the foundation holes.

Fergus the 4x4 Maintenance Instructions

NB: The warranty is invalidated if these instructions are not followed.
All wood needs annual inspection and retreatment where required.

Recommended Regular Inspection and Maintenance

	Interval Days				
	7	14	28	56	365
Check stability of structure, tighten connections if required.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Check all uprights at ground level for corrosion and/or rot. Replace any defective parts.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Check all painted elements for damage, rub down and repaint or replace as required.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Check chain/ropework assemblies for wear and damage, replace if required.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Check ground fixing for integrity.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Check rubber parts for wear and/or damage, replace if required.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Check slide chutes for smoothness and any foreign elements, remove any found.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Check rubber safety surfaces for damage and poor performance, repair or replace if required.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Check loose fill safety surfaces, remove any foreign elements, rake level and top up if required.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Disposal Instructions

All components should be broken down into categories of:-

- 1 **Mild Steel** - all 38mm Ø tube, step/ring climbers, welded bar, swing frames, deck frames, springie frames.
- 2 **Stainless Steel** - all slides, mirror panels.
- 3 **Aluminium** - all Playzone, Mission and Toddlerzone posts.
- 4 **Galvanised Steel** - all chains and Teenzone posts.
- 5 **Moulded Rubber Products without steel inserts** - all Mission and Toddlerzone Caps and edge details.
- 6 **Timber** - all natural timber, plywood, and MDF panels.

Wherever possible these materials should be taken to specialist recycling organisations and recycled.
In some cases where composite materials are used, then disposal at land fill sites is the only alternative such as:

- 7 **Moulded Rubber Products encasing steel inserts** - all Swing Seats, Deck Tops, Duo/Dizzy Disc Tops.
- 8 **High Pressure Laminate** - all Toddlerzone, Playzone, Minizone, Teenzone and Themed panels.
- 9 **Steel Core Polypropylene Rope** - all Scramble Nets, Space Nets, Playzone/Toddlerzone/Mission Ropes.
